RECOMMISSIONING

BELIEVE IT OR NOT - USS CORAL SEA resting in drydock at the Puget Sound Naval Shipyard, Bremerton Wash., during her 33 month modernization.

A TIGHT SQUEEZE - USS CORAL SEA about the squeeze under Lion's Gate Bridge. An estimated 100,000 Vancouverites lined the shoreline to welcome the giant aircraft carrier.

HONORARY SAILORS - A few sailors literally lost their hats to their guests at a dance held aboard CORAL SEA. The dance began a three-day visit to Vancouver.

THE COOKS - The 'Southeast Field Food Service Team' (in white smoks) aboard CORAL SEA to improve the handling and serving of food in the General Mess.
